Agenda Items: Approve November 11, 2005 Minutes; Updates: ACT Survey of Student Opinions – Jennifer Moore, University Retention Update – Dr. Samuel Gingerich, Enrollment Plan & Recruitment Update – Dr. Bucky Wesley, Technology Plan – Larry Jones, Budget Process Survey Results – Dr. Patricia Donat

PIE Council approved the minutes from the November 11, 2005 meeting. Jennifer Moore did a short PowerPoint presentation on the results of the spring 2005 ACT Survey of Student Opinions. The results showed that MUW is doing well overall in comparison to its peers. In fact, in many categories, MUW outranked its peers in terms of student satisfaction. Dr. Samuel Gingerich gave an update on the institution's retention efforts. A Retention Council was established last year to assist with this process. Dr. Bucky Wesley summarized highlights from the MUW Enrollment Plan. Larry Jones gave an update on the implementation of MUW's technology plan which includes the PC Replacement Plan. Dr. Patricia Donat discussed the results of the spring 2006 Budget Process Survey. This year, the survey was administered on-line and created with the Class Climate software package.

At the next meeting, PIE Council will discuss which Planning Priorities to recommend to the President this year.

The next meeting is scheduled for March 10, 2006 in the Welty Boardroom.
