Review Assessment Plans' Results

PIE Council was divided into five subcommittees with a chair to review all 80 university assessment plans, both academic and non-academic. Each group was assigned 16 plans with an instruction manual and rubric for the reviewing process of the past three years' assessment results. Since this entire process will be included in the university's SACS 5th Year Report, PIE Council will not officially meet for the next two months. Instead, that time can be designated by the subcommittees to meet and discuss their reviews of the results.

The meeting adjourned at 1:48 p.m.
